Organization description

European Development Agency EUDA is a Prague-based private company specialising in accessing and managing European funds. EUDA core activities are project consultation, creation, and management. EUDA assists its clients and partners throughout the projects' life cycle writes research-based projects; searches for partners; tackles submission processes; consults with stakeholders; coordinates projects' implementation; conducts periodical quality assurance; and produces summative and evaluative reports. EUDA also performs educational activities; facilitates transfers of know-how via international mobilities and traineeships; and coordinates EUDA Network. EUDA operates with entities from European Union Member States, Eastern Partnership and Western Balkan countries. EUDA worked with programmes like Erasmus+, Europe for Citizens, Visegrad Fund, Interreg Europe, EEA-Norway Grants, and national Operational Programmes within European Structural and Investment Funds.

Solution/service description

EUDA core activities are project consultation, creation, and management. EUDA assists its clients and partners throughout the projects' life cycle writes research-based projects; searches for partners; tackles submission processes; consults with stakeholders; coordinates projects' implementation; conducts periodical quality assurance; and produces summative and evaluative reports. EUDA performs educational activities; facilitates transfers of know-how via international mobilities and traineeships; and coordinates EUDA Network.

Features/product description

Apart from the consulting and project management services, EUDA works with numerous Czech entities (public authorities, for- and non-profit organisations, educational institutions, etc.). Thus, EUDA can involve such organisations as partners in projects depending on the topic and target group/s needed. Also, EUDA has 150+ international contacts (former and current project partners) that can be involved with the help of EUDA in joint projects.
